RELIEF FROM ICE GRIP FORECAST

Finnish Relief Plea is Heard in Cameron

Increased interest is being shown in the Finnish Relief Fund in Cameron as the first remittance of $16.60 was made by the Cameron Herald Saturday to headquarters in Dallas.

It is significant to note that the Finnish ambassador in Londan Friday told the British government that unless Finland received substantial aid within a short time, the most terrible massacre of women and children in history will occur. This appeal is taken to indicate that Finland can not hope to hold out indefinitely against a great power like Russia.

The above indicates the acuteness of the situation, but it must be remembered that no funds raised in America for Finnish relief will be used to buy war supplies. On the contrary all money subscribed for the Finnish Relief Fund will go for food, for clothing, and for medical supplies.

These needs are acute and are receiving warm response from the people of the United States whose sympathies are thus deeply expressed for these heoric people who are fighting for their homes and for their lives,

and who are being driven deep into the interior of Finland in weather which has been reported from day to day as much as 55 degrees below zero.

No more worthy appeal has ever been made to the people of Cameron. Sentiment is indicated throughout the United States by the amount given, practically every contribution coming from people of modest means and those most apt to understand the merit of such an appeal.

GENE SMITH RUNS FOR RE-ELECTION

Gene Smith, popular City Marshal of Cameron, widely known Texan and peace officer, announced Tuesday for publication in the Cameron Daily Herald that he is a candidate for re election subject to the nominating primary to be held in Cameron on Tuesday, February 6.

As a candidate for re-election, Mr. Smith carries with him a unique and highly complimentary recommendation from the people of Cameron. He will be elected without opposition for the second successive two year term and his friends throughout the city were especially proud that his record is so favorable that the thought of opposition has been far removed from the people of the city.

Friends also were pointng out that perhaps no greater tribute could be paid to a peace officer than to say that his continuation in office is such that satisfaction has resulted

T. P. & L. Truck Burns While Parked On City Streets

The cab and engine of a Ford truck owned by the Texas Power & Light Company was damaged beyond repair at 8 a. m. Wednesday when fire of undetermined cause originated under the seat of the truck. This information was given to the Herald by John C. Andres of the Cameron Fire Department.

Two men, whose names could not be ascertained, employees of the power company in the repair and engineering department had driven into town and parked in front of the E. O. Schiller Pharmacy. Cameron firemen were called and the blaze was almost extinguished when the gasoline tank in the truck exploded sending the blaze high into the air.

The front of the Schiller drug store was slightly damaged, but firemen were able to put the fire out before any serious damage occurred.

MAYOR SMITH RUNS FOR ANOTHER TERM

Mayor Chas. C. Smith whose city government has won recognition throughout the United States, today announced that he will be a condidate for re-election to succeed himself in the nominating primary to be held on Tuesday, February 6.

As a candidate for re-election, Mayor Smith, his many friends point out, can look to his record as the most commendable platform any public official may claim. His announcement will be received with wide general approval throughout the city he has served so well.

When Mayor Smith came into office several years ago, the city's finances were badly in need of budgeting. It had been customary for the Council to borrow money on which to operate, but Mayor Smith declined to involve the people's business in further debt and began operating on a cash basis, and at no time has it been necessary for the city to seek loans for operating purposes.

As result of this policy together with rigid economy over a period of years, the financial standing and the credit of the City of Cameron is as good if not better than any city in

RAIN OR SNOW DUE IN MILAM COUNTY FRIDAY

Snow and continued cold weather is forecast for Cameron and vicinity with no prospect of relief from freezing temperatures that have held the city in icy grip for more than ten days.

In west Texas the weather showed some sign of clearing and relief from the extreme cold was believed on the way but not to materially relieve Cameron until Saturday or possibly Sunday.

The snow forecast for east Texas was also to strike San Antonio and vicinity. The temperature was around 18 degrees in Cameron Thursday morning.

A cold wind was sweeping out of the northeast and a hard freeze is due for Thursday and Friday.

Business was virtually paralyzed and to add to the discomforts influenza and other kindred ailments were touching almost every home in the community. Doctors have been waging a day and night battle to relieve and cure patients.

CAMERON BAND TO BROADCAST TUESDAY

The Yoe High School band will go to Temple on the morning of Tuesday, January 30, to play a broadcast concert over KTEM.

This broadcast of 30 minutes from 10:30 until 11 o'clock, will orignate from the stage of the Temple Municipal Auditorium.

This broadcast has been arranged through the co-operation of Burton Bishop, manager of KTEM, who has given this allotted time to the Cameron band.

All Cameron followers of the local high school band are invited to tune in to KTEM at 1370 killocycles at the broadcast time and enjoy the program prepared especially for their benefit. The program will include several of the more popular hits of the day as well as the standard band concert numbers, said Frances Cox, director.

Water Company Has Busy Week

Richard Hester, manager of the Community Public Service Company in Cameron, has been fighting a terriffic battle on all fronts this week.

The severe weather brought about city wide damage to water pipes and it will be interesting to note that Mr. Hester has issued a statement to the people regarding this situation. The statement appears in the Cameron Daily and will be printed in the weekly.

Property owners are requested to install cut-offs if they wish to protect their pipes from freezing. Little or no assistance can be given by calling the water company except in case of a bursted connection but this will not drain pipes or prevent damage. Many homes built years ago no not have cut-offs but should have them installed.

C. E. MULLER DIES AT DALLAS HOME

C. E. Muller died at his home in Dallas Wednesday, January 17.

He was a former resident of Cameron and married Miss Elizabeth McCord. They had lived in Dallas for many years where he was engaged in business.

Funeral services were held Thursday afternoon with burial in Hill Crest cemetery in Dallas. He is survived by his widow and a sister. Those who attended the funeral from Cameron were Mrs. Mamie Hefley, Miss Aetna Smith, J. M. Ralston, and daughter, Mrs. Paul Brown of Harlingen. Mrs. Brown will stay in Dallas for several weeks with Mrs. Muller, her aunt.

Mrs. Muller was before her marriage Miss Elizabeth McCord and was reared in Cameron, daughter of the late Captain and Mrs. A. P. McCord who came to Cameron from the state of Georgia.

Mrs. Natilie McCord Henry, a sister of Mrs. Muller, was buried in Cameron last year.

Firemen Warn of Dangers to Drivers

The Cameron Fire Department wish to bring to the people of Cameron, who do not belong to the department, certain very important suggestions, regarding citizens following the fire truck to fires, and parking their cars after they arrive.

We know it is natural for citizens to follow the fire truck to see where the fire is. Being a volunteer fire department, the Cameron Firemen naturally want to get there as quickly as possible to do their duty in extinguishing the fire, and these firemen come from all directions in our city. Therefore we want to warn the citizens who are not members of the Fire Department, for their own safety's sake as well as the firemen, to please be more careful and wait at least twenty minutes after they hear the fire alarm, to let the firemen get to the fire first.

We have plenty of well trained firemen to handle all fires in Cameron and you cannot be of any assistance, especially women and children. All too often citizens crowding up around the fire truck and the firemen who are fighting the fire, are in the way.

On numerous occasions men who are not firemen lend a helping hand to firemen which we appreciate, but we suggest that only firemen handle the nozzels because should a fireman get hurt, we carry insurance to cover accidents which might occur to them.

Also when parking your cars at any fire, we kindly ask you to park at least a block away and try to keep the street open, because on some occasions we have to call the second truck out, and asking citizens to move their cars causes considerable delay.

We would suggest that all the citizens of Cameron observe these few remarks when the fire alarm is turned on to help avoid any serious accident and enable the firemen to render more efficient servxice. Let us have your co-operation.

MRS. TOM THWEATT DIES AT MAYSFIELD

Mrs. Tom Thweatt, 72, died at her home in Maysfield Thursday morning at 4:30.

Memebers of the family said she suffered a heart attack a few minutes earlier and died before a doctor could be summoned.

Mrs. Thweatt had been in declining health for some time but was able to be up and about in her home. Members of the family said she commented on feeling better before retiring Wednesday evening. Shortly before her death she called to the negro maid who attended her at night and asked for some medicine for her heart. She died almost instantly.

Funeral services will be held Friday morning at 10 o'clock from the family residence at Maysfield with Rev. Henry Bailey, pastor Maysfield Presbyteian Church, delivering the sermon. He will be assisted by Rev. Aln R. Reed, pastor of Lexington Methodist Church. Burial will be made at Pebble Grove cemetery near Maysfield.

Mrs. Thweatt is a native of Milam county and had lived near Mavsfield almost all of her life. Before her marriage to Tom Thweatt, she was Miss Emma Vanghn. On December 23, 1939, Mr. and Mrs. Thweatt observed their 51st wedding anniversary.

Mrs. Thweatt leaves her husband, Tom Thweatt, Milam county pioneer who for many years served as justice of peace for his precint and who also at one time owned and operated a ginning plant at Belmena.

She is servived by eight children as follows: John Thweatt, Mrs. Roy Newton, Ben Thweatt, Bill Thweatt, Gilford Thweatt, Herbert Thweatt, Vaughn Thweatt and Mrs. Ralph Massengale all of Maysfield. One son Harmon Thweatt, a world war veteran, died suddenly in November 1938, as result of an injury sustained while in service overseas. She is also survived by 14 grand children and one great grand child.

MIKE HAGGERTY, 68 DIES IN BURLINGTON

Funeral services were held Monday morning at 10 o'clock for Mike Haggerty, 68 year old pioneer citizen and land owner of Burlington.

Mr. Haggerty who had been ill over an extended period of time, died at his home in Burlington Sunday, January 21. Funeral services were conducted at St. Michael's Catholic Church in Burlington with the pastor, Rev. T. F. O'Sullivan officiating.

Deceased is survived by his widow and six children as follows: Cornelius, Harry, Henry, Kathryn, Margaret and Hilda Mae Haggerty. Interment was made in the Catholic cemetery at Burlington.

Mr. Haggerty had been a resident of the Burlington community since early boyhood and was popular with a large circle of friends there as well as over the county.

Roosevelt Ball At Burlington

The people of Burlington will stage a Roosevelt ball, the proceeds of which will go the Warm Springs Foundation fund set up by President Roosevelt for prevention and cure of infantile paralysis.

The ball will be held Sunday night, January 28 and the public is cordially invited to attend and patronize this worthy cause.

FOREST LAY IS BURIED IN ITASCA

Funeral services for Forest Lay, former Cameron resident, were held this afternoon in Itasca. Mr. Lay had been ill and unable to leave his bed for the past several years.

Mrs. Forest Lay, also a former resident and aunt of H. M. Hefley President of First National Bank, died January 4.

Mr. Lay is survived by two daughters, Mrs. Annie Laura Prewitt and Miss Sadie Lay of Itasca.

Rotary Club Hears Instructive Program

Chas. Hicks, newly elected member of the Cameron Rotary Club and Dr. Clifford Swift brought the program at the luncheon hour Wednesday.

Ernest Coffield, program chairman for the day, introduced the speakers.

The program was a series of questions and answers regarding the operation of Rotary, classifications and general information.

The program was enjoyed by all members of the club except three absentees.

O. H. Cross Enters Race for Congress

Formal announcement was made Saturday by O. H. Cross of his candidacy for congress from the Eleventh (Waco) district, composed of six central Texas counties.

Political wiseacres, especially those of the older persuasion, saw in Cross' announcement a replica or duplicate of the Henry-Thomas congressional campaign of 1902 the most heated of its kind Texas ever has witnessed. In that year the late Cullen F. Thomas opposed the late Robert L. Henry, then congressman from the Eleventh district.

Before Days of Primary

It was before the days of the uniform primary system. Thomas first carried Bell county, an acknowledged Henry stronghold, then swept like wildfire through Coryell county. The Henry forces were sore disgusted and ready to quit when the date for the McLennan county primary arrived but the wheelhorse of the campaign, the late Senator A, R. McCullum the then editor of the Waco Semi-Weekly Tribune would not let them quit. Henry carried McLennan coun

FARM CREDIT UNIT WILL MEET HERE

The Bryan Production Credit Association serving Brazos, Burleson, Grimes, Madison, Milam and Robertson counties will hold its annual stockholders' meeting at the Courthouse in Cameron, on February 9, 1940, according to information received from Lesser Newton Local Representative of the Association in Camron. This is the first time that the annual meeting has ever been held away from the home office and the directors of the Association designated Cameron as the meeting place this year as a courtesy to the members in Milam County. The Association has more members in this county than in any other county in its district, and many members in this vicinity who have never been able to attend an annual meeting will be given this opportunity this year.

An annual meeting of the members of the Association is held each year for the purpose of acquainting the stockholders with the progress the Association has made the preceding year. According to McNeill Drumwright, Secretary-Treasurer, 1939 was one of the best years the Association has experienced since its organization early in 1934. The Association has over 500 members who own local stock of $31,535.00 and during the six years of operation reserves of $31,197 have been built up which gives almost 100 per cent protection to the members' stock.

The Bryan Production Credit Association is one of the 540 co-operative production credit associations in the United States serving agricultural area in the country, and is a part of a strong national credit system furnishing production credit to farmers and livestock men at low rates of interest. Although subsidized by the government, the associations do not lend government money, but obtain funds by rediscounting members' notes with the Federal Intermediate Credit Banks and are not dependent upon appropriations by Congress for operating funds. The present interest rate which members pay on loans is 4 1-2 per cent.

The annual meeting of stockholders will start at 10:30 a. m. and end at 2:30 p .m. with a barbecue lunch served to the members and their wives. A good attendance is expected.

HARD FREEZE TO-NIGHT TO PROLONG BLIZZARD

Weather forecast at noon Monday indicated a continuation of the snow storm that laid a heavy blanket of white over a large portion of Texas which at 2 p. m. had reached a depth of approximately three inches in Cameron.

The temperature at 9 o'clock Monday morning was 20 degrees. The weather has been moderating slowly but a hard freeze is looked for tonight.

The last date on which snow fell in Cameron was in November 1937 and at that time a fall of nine inches was reported. The most severe weather ever recorded in recent history was in January 1930 when the thermometer registered 7 below zero. At that time a heavy snow lay on the ground for days, approximately ten inches in depth.

The skies were clearing on the north horizon at 2 p. m. and although weather forecasts indicate rain or continued snow tonight and tomorrow, it was believed that the weather would moderate considerably Tuesday with below freezing Monday night.

The snow began falling in Cameron at 5 a. m. Monday. The thermometer reading was approximately 28 degrees shortly after midnight. The temperature continued to drop and registered approximately 18 degrees at daybreak, with the ground heavily mantled in snow. Snow will be worth millions of dollars to farmers and stockmen but will not produce stock water now badly needed throughout the range.

Former Cameron Woman Dies in Austin

Long time resident in Cameron will remember Mrs. Reaves as the niece of the late Dr. W. W. Greer of Cameron. She received her education in Cameron schools. In addition to her husband, she is survived by her mother, Mrs. C. Wallace of Austin, who is now 90 years old. When Mrs. Reaves lived in Cameron her family were residents of Port Sullivan.

Boy Scouts Start First Aid Traning

Boy Scout Troop 53 will begin a school of first aid instruction preliminary to participating in the district first aid meet to be held here in the near future and the regional first aid meet which will be held in Temple.

Last year the troop won first place in the district meet and second place in the regional meet.

Troop 53 has as its Scout Master, Coleman Brashear.

Cubs Get New Scout Master

Fred Graham of the Ada Henderson School faculty has been named Master for the Cameron Cub Scouts, it was announced here Friday by Narvie Caperton, in charge of the boys and girls work for the Cameron Lions Club, sponsors of the Cub Scout organizations.

Mr. Graham was recently named to the faculty to replace Thomas Linham, who went to Rosebud.

The Scouts are divided into four groups with 26 members and a program for the group is being prepared by Guy Haynes, ex-officio member of the committee.

GREEN FUNERAL HOME HAS NEW AMBULANCE

Leland Green, Sr., of the Green Funeral Home here today announced the arrival of a new ambulance.

The ambulance, a Packard, was driven from Freeport, Ill., by William Pendleton, negro employee of the Green & Boedeker Store. Pendleton drove into Cameron Wednesday night at 11 o'clock.

The ambulance which had been used by the firm was destroyed in recent fire at the Markham & Son Service Station.

BELTON DEFEATS CAMERON

When Cameron wins a game it is an accident—when Belton beats Cameron, it is a habit. At least that is the way the records shape up.

So it was last night at the gymnasium when a fine Tiger team breezed along and put the Yoemen on the little end of a 27 to 10 score.

It was the third basketball game for the Yoemen with a conference rival, the others being against Rockdale. The Yoemen lost two and won only once.

Cameron has neither the material nor the set up to develop winning athletics, so the people are gradually becoming used to nothing more than sportmanship and that is quite commendalbe.

Business Women Raise Funds for Finnish Relief

A substantial contribution to the Finnish Relief Fund was made Wednesday by the Business & Professional Women's Club following an enjoyable entertainment held in the club rooms on Tuesday night.

The fund raised for Finnish Relief was arrived at in a novel manner. A number of business and civic leaders were invited to the entertainment and following the reception, piano music by Miss Mary Ellen Manning and dance numbers by Mrs. Evelyn Koepf, members and guests went into the dining room where dinner had been prepared. Roy Baskin, prominent Cameron attorney, was the principal speaker, delivering an address on the value of good public relations, outlining for the club a suggested program of civic benefits.

At the conclusion of the dinner, Miss Lillian Atkinson directed a program of games with mints and candy as prizes. The mints and candy were sold among the guests and a total of $2.60 was realized for the relief fund

Miss Leila Woolley, president of the club, gave a short address of welcome and Miss Lalla Meyers, program chairman for the evening, was toastmaster, introducing Mr. Baskin whose address was both witty and eloquent.

Others who made talks were Mrs. W. T. Hefley for the Parent-Teachers Association, Ralph Michalka for the American Legion, F. E. Woodruff for the Chamber of Commerce and J. B. White for the Cameron Rotary Club.

Mrs. Tennie Boykin was the recipient of many congratulations and best wishes from friends in Cameron, Ben Arnold, her home community, and over the county Tuesday on the occasion of her 84th birthday. Mrs. Boykin quietly observed the occasion at the home of her daughter, Mrs. J. L. Slaughter of Cameron. When the weather is not too bad, Nannie, as she is affectionately called by all her friends, lives in her old home at Ben Arnold.

NEW BLIZZARD IS DUE IN FREAK WEATHER

Storm warnings were hoisted on the Texas coast Tuesday by the United States Weather Bureau. The storm originating somewhere in the southern Gulf was due to strike the Texas coast in mid-afternoon, it was said. Due to the details of the warning, it was believed wind of tornadic intensity would accompany the disturbance.

The storm warnings climaxed the "crazy quilt" weather that made it 18 above zero in Amarillo and 7 above in Houston, while Brownwood reported the lowest temperature at 3 below zero.

Resumption of sub-freezing temperatures was indicated in a weather forecast at 10 a. m. Tuesday. A blizzard originating in Nebraska and the Dakotas was said to be sweeping toward Texas promising weather of more frigid intensity than has been known so far this winter.

The season's low in temperature was registered here on Monday night with 6 degrees above zero, one degree lower than the season's previous low on Friday when the thermometer registered 7 degrees.

The cold wave which laid a blanket of snow all over Texas, and brought about freakish temperatures in warmer sections of the state, was due to continue although warmer temperatures were forecast for Tuesday.

According to R. A. Tag, local weather observer, 4 inches of snow fell during Monday. The fall began around 5 a. m. and continuted until shortly after noon. The Daily Herald could not veritfy the fall for publication Monday, but learned this morning that a fall of 4 inches was recorded by Mr. Tag. Around 10 inches was reported Monday afternoon to have fallen in the vicinity of Waco.

The special weather broadcast at 10 a. m. Tuesday reported that the thermometer stood at zero in Dallas and as low a 7 degrees at Houston, whereas at Wichita Falls it was 13 above and at Fort Worth 12 above with 18 degrees registered at Amarillo.

Through error the Daily Midget on Friday reported a temperature of 6 above zero. The correct figure should have been 7 above.

Frank Newton of Houston was in Cameron for short visit Sunday.

Little Miss Elba Jean Colburn of Yarrellton celebrated her eighth birthday last Wednesday evening when she entertained a group of small friends at her home. A number of games were enjoyed under direction of the hostess' mother, Mrs. Clarence Colburn. The center of attraction was a beautiful brithday cake with lighed candles, which was served to the group with hot chocolate. Mrs. Coluburn was also hostess to the Yarrellton forty-two club with four tables of players. After a series of games, it was found Mr. and Mrs. Joe Ford held high score. The hostess served sandwiches, fruit cake and cocoa.

Mrs. Steve Marak, Jr., entertained the 42 Leisure Club with a kitchen party on last Thursday afternoon, all prizes, tally cards, etc., were in a kitchen motif. All members answered the roll call and one night member, Mrs. Henry Dreyer. The members enjoyed games of forty-two. Mrs. L. F. Slama won high score, Mrs. George Schiller, second high, Mrs. Dreyer held 84 prize, while table cuts fell to Mesdames H. L. Dakel, P. L. Bergum, Herman Boedeker, Jr., and Mrs. Leo Stecher received low score. The hostess served cherry pie topped with whipped cream and coffee.

WAR

German bombing planes flew over the Shetland Islands today and dropped bombs. The British did not state the damage done by the Germans but it was the first raid in days.

The Finns were in a desperate struggle in the present battle inflicting heavy losses on the Reds but at the same time were forced to extend themselves in the press of battle now raging with great fury.

There was still indication that Britain and the United States might not be able to adjust differences over treatment of American Commerce. Because American shippers have not given the British advance information on cargoes their ships are meeting with English discrimination at Gibraltar.

The United States government has protested vigorously to the British government because of discrimination against American merchant ships passing through the Straits of Gibraltar to and from the Mediterreanean Sea.

This is the second protest lodged by the United States for mistreatment of commerce by the British. It is also the second rejection to have been made by the British within a week. A statement came from London Tuesday to the effect that Great Britain will not accord American vessels the same treatment as those of the Italian government because, said the British statement, "the American government is not co-operating."

Just what is indicated by "co-operating" was not made plain. The British previously had told this country that it reserved the right to intercept United States mail on the high seas. In Washington Tuesday a conference was being held between the British ambassador and Secretary of State Cordell Hull.

—o—

The tide of war may be turning against little Finland.

A special broadcast at noon Saturday told of significant Russian advances. Friday in London the Finnish Ambassaor told the British that unless aid came soon to Finland the country would perish and the most gruesome massacre in human history would ensue.

The Russians when conquoring another country kill off the inhabitants, especially those who have high school education and possess above average intelligence. This was true in Poland now prostrate under Nazi and Soviet yokes.

Civilian populations in Finland have also been slain.

The Finnish people are in percentage of literacy the highest of any nation in the world. It was the first country on earth to give the vote to women along with other political and social reforms.

Temperatures ranging as low as 70 degrees below zero continued as the Finns waged a war of defense. Russian successes were reported Saturday, although the Finns were actually 28 miles inside Russian territory at one time.

Railroad lines severed by Finnish suicide patrols have been restored. Russia has an inexhaustible supply of men and munitions. Finland has a population of less than five million. With an army of one million men it means that one in five is a soldier.

On the Western front the French had shot down a German bomber in French territory. There was nothing to report elsewhere.

POULTRY SHOW TO OPEN THURSDAY

Cameron's annual poultry show postponed due to cold weather will officially open Thursday morning with prize birds from producers over the county and first place winners of the recent Waco Poultry Congress on exhibit in the show room located in the Waller building recently vacated by the B. F. Stewart Grocery.

The show will be judged on Friday by E. D. Parnell, Professor of Husbandry at A & M College. Mr. Parnell is an American Poultry Association approved judge and one of the most popular in the state.

Of especial interest to poultry producers over the county will be a demonstration on sexing of baby chicks which will be held from 3 to 7 p. m. Friday and from 2 p. m. to 7 p. m. on Saturday.

Friday at 2:30 p. m. an educational lecture on "Common Diseases and Parasites of Poultry" will be given at the Knights of Columbus hall located across the street from the show over the Railway Express office. This lecture will be given by H. H. Weatherby of the Texas Extension Service.

Saturday at 2:30 p. m. Mr. Parnell and Mr. Weatherby will both give lectures in the Knights of Columbus Hall on the subject, "Care and Management of Laying Hens" and "Brooding and Care of Baby Chicks." These lectures will be given consecutively.

Of especial interest to 4-H club members and all communities interested in club work will be the exhibits of the various clubs at the show.

This show is sponsored annually by the Chamber of Cammerce. It will be directed by the Vocational Agriculture Department of Yoe High School under supervision of Tom Stokes, teacher.

The show, originally scheduled to open on last Thursday, was postponed on account of severe cold weather, but according to present plans will open on Thursday, January 25, continuing through Saturday.

General Motors Builds 25-Millionth Unit

Brief ceremonies were held in the Chevrolet assembly plant at Flint, January 11, marking completion of this car, the 25-millionth unit built by General Motors. In behalf of the thousands of workers who had a hand in its manufacture, 75 members of the final assembly line crew handed M. E. Coyle, Chevrolet general manager, a commemorative scroll for presentation to W. S. Knudsen, president of General Motors. Veteran Chevrolet employes, and executives of the Buick and AC Spark Plug divisions, were present as special guests.

In photo, left to right: C. E. Wetherald, general manufacturing manager, Chevrolet; Mr. Coyle; H. H. Curtice, general manager Buick Division; A. P. Sloan, Jr., chairman of the board, General Motors; Fred Brown, veteran Chevrolet employe; C. S. Mott, vice president, General Motors; C. E. Wilson, executive vice president, General Motors, and Mr. Knudsen.

The car was taken at once to Detroit, to play a major part in the "March of Men and Motors" celebration staged that night in the Masonic Temple.

HUNG JURY IN LABOR CASE HERE

A jury in the case of David Bryan, manager of Fairmont Creamery Co., who is charged under a state labor law with working loborers over time, was unable to agree and was discharged shortly afternoon Monday.

Another case pending against Mr. Bryan was proceeding to trial Monday afternoon.

The cases were filed by C. F. Stockbuger a representative of the State Labor Department, who is here assisting District Attorney Bill Morrison in the prosecution. The cases were filed shortly after labor difficulties developed at the turkey dressing plant in December 1939.

A number of negro laborers were placed in jail and charged with faking their time tickets. A representative of the Labor Department who came to Cameron subsequently filed charges against Mr. Bryan for working employees over time.

ATTENTION!

PLEASE HAVE CUT-OFFS REPAIRED OR INSTALLED IN YOUR WATER SYSTEM

During the severe cold of the past several days hundreds of dollars worth of damage has been done to plumbing in Cameron. The blame for over 90 per cent of this damage can be laid to the lack of an efficient stop and drain in each private water system.

We have had hundreds of calls day and night to turn off water in our meter boxes until a plumber could arrive. Our stops in most cases are in locked boxes and are for the sole purpose of turning off water when a customer discontinues service. They do not drain your pipes and therefore do not give protection against freezing.

Let us urge you now, for your own protection, to see that an effective cut-off is placed in your system that will drain and protect your pipes when it is used.

Quintis Joiner of Rockdale was in Cameron yesterday transacting business.

The flu epidemic had somewhat subsided Wednesday in the home of County Clerk Homer Nabours when Frances, Hortense and Paul Nabours were able to resume their school work after several days illness. Billy Nabours is still ill but is reported improving.

Robert Via, assistant district supervisor for the Works Progress Administration out of Austin, made a business trip to Cameron Tuesday.

Mrs. Fred Jackson has been quite ill at her home with influenza but is reported improving. All three of the Jackson children have been ill also but are much better.

Richard Hollas who underwent an operation for appendicitis on Monday morning at the Cameron hospital is with the Cameron Machine Shop here.

M. M. Johnson who has been severely ill at his home here after a relapse with influenza, is reported somewhat improved, and his condition was regarded favorable for a quick recovery.

M. E. Mitcham of Rt. 1, Buckholts was a business visitor in Cameron Wednesday afternoon and while here became a new subscriber to the Herald for another year.

Mr. and Mrs. Elwood Cammer were hosts Tuesday evening at a turkey supper at the Country Club in Cameron. About twenty-five couples enjoyed the evening.

Will Beal celebrated his birthday on January 1. He has been a resident of Cameron since 1913, and is one of the enthusiastic readers of the Cameron Daily Herald as well as the weekly. In looking back over the years that have intervened since 1883, Mr. Beal told something about the history of Cameron. W. J. Chappell for whom Chapel Hill is named, was a close relative and obtained the right of way from Temple and Belton for the Santa Fe railroad. The Santa Fe wanted to establish its shops at Cameron but Cameron citizens declined to give property and when the Santa Fe sought to buy twenty acres in what is now known as Frog Town, southwest of the tracks, the owners wanted two thousand dollars. Santa Fe officials went to Temple and paid one hundred dollars per acre for the land on which the Santa Fe properties are now located. For many years Mr. Beal was a member of the Galveston police force and was also with the water works company in Galveston.

Mrs. Herman Rosenthal of Thorndale was a visitor in Cameron Tuesday.

Mrs. William Mennis of Dallas, is a guest of her mother, Mrs. Tom Denson and will remain for a week longer.

L. B. Lummus of Gause was a business visitor in Cameron Tuesday and while here became a reader of the Herald. Mr. Lummus operates a gin plant in Gause.

W. D. Young of Conoly made a business visit to Cameron Wednesday.

Mrs. L. D. York of Minerva shopped in Cameron Wednesday.

W. H. Camp of San Gabriel was a Cameron visitor Wednesday afternoon.

J. A. McKinney of Jones Prairie made a business visit to Cameron Wednesday.

Jack McCelvey of Temple transacted business here yesterday.

Mrs. Gilford Thweatt and Mrs. Vanghn Thweatt of Maysfield were Cameron business visitors Thursday morning.

Randolph Williamson is reported ill at his home near Cameron.

Mrs. O. O. Hightower of Ben Arnold is suffering with a severe case of influnenza at her home.

A mattress making demonstration which was to have been given Friday by Miss Dorothy Porter, has been postponed.

An inter city meeting of Odd Fellows was held in Cameron Wednesday evening with a nice attendance including guests from Austin and Taylor. Refreshments were served at the Cato Cafe.

HOYT CLUB

The Hoyte Home Demonstration Club met in the home of Mrs. Guy Chandler, Wednesday afternoon, Jan. 17, with Mrs. James Elrod, president, presiding. Plans were made for the new year and each member was urged to attend the mattress making demonstration given by Miss Dorothy Porter at the home of Mrs. Randolph Williamson Jan. 26, and to invite as many visitors as possible.

Mrs. Harvey Radtke gave a program on the Remorse of a Lamp bulb. She told of how homemakers of today pay more than necessary to light their homes with electricity. A good lamp bulb uses less elecricity, gives more light and lasts longer. A few pennies saved in buying an inferior lamp bulb may result in dollars being wasted in electricity.

The best lamp bulbs in the world are made in the United States so Mrs. Consumer should look for the trade mark and buy only American made bulbs. For instance the lamps made by General Electric and Westinghouse are madked "Mazda" which means on bulbs what sterling signifies on silver.

The manufacturing of a lamp bulb requires as much painstaking care and precision as making a watch. Over 480 tests and inspections are made from the raw materials to the finished product, before it is packed to send to consumers.

Twenty-seven states in the United States as well as countries in other parts of the world supply raw materials to the manufacturers of lamp bulbs. This means payroll checks to laborers and employees from the cotton fields of the Carolinas through the copper mines of Michigan to farthermost California.

It means money which comes to the manufacturers goes back to every community which contributed in any way to the production of lamp bulbs, to the cotton fields, the lumber camps, the mines and the quarries. The continuous exchange revolves around the small lamp bulb which lights your home at the snap of a switch.

Those present were Mrs. James Elrod, Mrs. Mary Heitman, Mrs. Leo Heitman, Mrs. Carl Angell, Mrs. H. N. Tate, Mrs. Grady Gill, Mrs. Harvey Radtke and the hostess. A delicious plate of sandwiches, pickles, cookies, jello and coffee were served. Mrs. Radtke, reporter.

(Continued from page one)

the United States. This fact is further emphasized by a statement of a bond broker in New York who said that the City of Cameron with a bonded debt of only approximately $132,000 has the best financial statement of any city in America.

Although the city has not taken advantage of grants from the federal government as has been the policy of many other towns, Mayor Smith has made considerable progress and all public improvements made under his administration have been adequately financed or have been paid for. Recently the Dallas News made comment on the record of Mayor Smith who has, although vitally interested in the progress of Cameron, been most conservative in considering expenditures.

As an indication of his policy of making progress when progress is due, he recently announed a $100,000 street paving program for the City of Cameron and also a swimming beach in Wilson-Ledbetter Park to cost $20,000 and of these amounts the city will be given liberal federal grants. It was believed these two outstanding advancements for Cameron would give the city definite advantages and further enhance the splendid record that has been made by Mayor Smith.

Mayor Smith has had the active co-operation of all members of the Council and today there is a fine spirit of understanding among all its members, and Mayor Smith is able to pledge the people that any matter affecting the destiny of the city may be solved in an atmosphere of friendship, co-operation, and a wide general knowledge of municipal affairs. Mayor Smith has made a close study of municipal government and his friends point out that he is one of the best qualified city executives in the entire state.

In making his announcement for re-election, he acknowledges with appreciation the support of many friends throughout the city as well as tax payers who feel that his re-election would continue in office an administration that has at all times been strictly concerned over the welfare of the people. Many claims are advanced in support of his work as mayor. The Council under Mayor Smith's direction recently reduced the tax rate ten cents on the one hundred dollar valuation and this will result in substantial savings to the people. In doing so, there has been no restriction of efficiency in the government and the contemplated public improvements which Mayor Smith has under way now, will be made without voting bonds and taxes. Mayor Smith is able to give Cameron a definite program of bigger things without additional burdens.

Mr. Smith is deeply grateful for the confidence the people have shown in his administration and pledges himself to continue a maximum of consideration for the interests of all the people at all times and in exchange for this manifestation of good will and understanding, he will render a service that will result in greater economy and a more efficient city government.

Judge Gillis Talks To Rockdale PTA

Judge Graham Gillis of Cameron was guest speaker to the Rockdale Parent-Teachers Association when it met on Tuesday afternoon at 3:30 o'clock in the auditorium at the high school.

The designated subject for PTA organizations for the month of January, "Preparation to Earn—and a Job" was the subject discussed by Judge Gillis. He pointed out the necessity of encouraging a child to think for himself and choose a vocation best suited for his adaptabilities and talents and for which he could be properly trained.

Suggestions were given regarding literature on the vocation subject to be placed in the library for access to teachers and parents to help them to properly guide young people.

The program included musical numbers. Cake and coffee were served to a large number of guests and members who attended the program.

Mrs. W. E. Thomas returned home Saturday from a week spent with her daughter, Mrs. Lewis and family at Marlow.

Ed Brennan was a visitor in Milano Saturday and said he would be able to resume his work on the railroad Monday. He has been sick for several days.

Lion Committees Report Progress

All Lions Club committees held a meeting here this week to discuss the subject "How to Hold Old and New Members." District Governor H. W. Hughes of Temple was a special guest and contributed to the discussion.

Good reports were given by charmen of the various committees and Emory Camp, chairman of the committee on citizenship, announced a patriotic rogram to be held during the week of Washington's birthday. Doy Scout week will be observed in February.

Faulty Flue Causes Fire Here

The first fire during the severe cold weather was reported Thursday at noon when a faulty flue in the M. L. Fikes home on West Main Street caused a blaze. The Cameron Firemen were called and the fire was extinguished before much damage was done.

Two Sets of Twins Arrive in Cameron

Newest and most popular citizens at Cameron Hospital are two sets of twins, twin girls and twin boys who made their arrival this week.

The girls are the daughters of Mr. and Mrs. Frank L. Fasel of Cameron, Rt. 3. They were born early Friday morning and weighed 6 1-2 pounds each.

The boys are the sons of Mr. and Mrs. Alfred Stoebner and were born Thursday afternoon at Cameron hospital. They weighed 5 and 6 pounds. Whether or not the babies had been named could not be learned.

E. L. McGuyer, county commissioner of Rockdale, made a business trip to Cameron Tuesday.

NEWS FROM MINERVA

John Moseley of Midland spent several days of this week with friends.

Raymond Hubert of Houston visited relatives for the week end.

Rev. R. F. Stewart and Mesdames J. C. Wallace and D. D. York attended a District Missionary Institute at Calvert, Thursday.

R. A. Birkelbach of Ben Arnold was a Cameron business visitor Wednesday afternoon.

SECRET TREATY IS MADE SAYS U. S. SENATOR

The British government, according to International News Service radio broadcasts, has entered into a secret pact with Japan, the text of which guarantees British neutrality in case of a war between Japan and the United States.

A United States senator, not named, but a member of the Senate Foreign Relations Committee, is in possession of the information regarding this secret alliance between England and Japan which would in case of war necessarily operate against the United States.

The announcement came with terrific shock to pro-British Washington.

Hurst newspapers broke the story on Sunday. This fact linked with immediate protests of the United States against maltereatment of American interests on the high seas together with two British rejections of the protests, was calculated to do nothing toward suppressing the difficulty between the two countries, which may lead to further and more grave complications if the reported Japanese pact has actually been signed.

Legion 42 Party Postponed Here

The American Legion forty-two party and entertainment scheduled to be held tonight at Knights of Columbus hall, has been postponed until Friday night, January 26.

A committee from the post including Ralph Michalka, Commander and Albert Matula, requested the Daily Herald to announce that due to the extremely cold weather, it was deemed advisable to postpone the entertainment.

Poultry Show Postponed Until Thursday, Jan. 25

Cameron's annual poultry show scheduled to open here today will be postponed until Thursday, January 25, it was announced after a meeting of the Chamber of Commerce on Thursday morning.

Inclement weather was given as the reason for postponement as it was believed the severe cold would limit entries in the show as well as visitors.

The poultry show will open Thursday morning, January 25, and will continue through Friday and Saturday, January 26 and 27.

The program will be the same as planned for this week. Birds will be entered on Thursday, January 25.

Mr. Barber, a native of Milam county is the son of the late I. N. Barber, who was at one time district clerk of Milam county and prominent citizen.

Cold Wave Subsides After Week's Duration

Cameron's wave of cold weather which has for almost a week made thermometers record a low temperature, subsided somewhat Wednesday when the official low was 18 degrees.

This is the warmest temperature in several days as reported by R. A. Tag, official observer for Cameron.

The blizzard reported on yesterday had not arrived and it was believed the temperature would be substantially higher than during the past week.

David Bryan is Acquitted by Jury On Labor Charge

Strange quirks of justice often crop out in the adminstration of the law under the court house dome.

David Bryan, manager of the Fairmont Creamery Company, was found not guilty by a jury in justice court Monday afternoon on a charge of working negro employes over time. Earlier in the day another jury could not agree and was dismissed. Two cases were tried.

In December a number of negroes were placed in jail when they were found to be over punching work cards while picking turkeys at the plant. Each turkey picked was represented by a punch of a card.

When the fraud was discovered, Mr. Bryan made a complaint and the negroes were placed in jail but no prosecution followed. Instead Mr. Bryan was hailed into court by a Labor Department representative and on Monday was vindicated by a jury.

News 50 Years Ago Reveals Hardships of Pioneer Mail Carrier

In the "50 Years Ago" column of the Dallas Morning News Saturday was an article of interest to those who came to Cameron as pioneer settlers and have lived here through the years of progress, as well as those who find it fascinating to learn of the history of their home town.

The article [illegible] of the death of Major Albert Chalmers, who for many years carried the mail for the Republic of Texas, his route from Nashville on the Brazos to Cameron, a distance of ninety miles.

At that time Old Nashville was the county seat of Milam county and Cameron was only a small newly settled village.

Major Chalmers delivered the mail on horseback and engaged in many Indian fights along the route. He was a native of New York but came to Texas in 1835 where he fought in the Texas War for Independence. He later became a member of the batillion of Rangers who served under Shapley Ross in fighting Indians in West Texas.

Major Chalmers served as county clerk at one time and fought with the Confederacy during the civil war.

It is interesting to note that Old Nashville, which served as his headquarters when he was mail carrier from the county seat to Cameron, has been dedicated as a park.

Judge Jeff T. Kemp, our star historical reporter, is responsible for information that led to the above story.

Ex-Students Invited To Founders Day at Baylor University

A number of Cameron citizens, ex-students of Baylor University, have been invited to attend the dedication of Pat M. Neff hall and the acceptance of the Cullen F. ROCKDALE MAN IS BURIED SATURDAY

Funeral services were held Saturday afternoon at 2 o'clock for W. E. Montague, prominent citizen of Rockdale and retired mail carrier who died at his home Friday.

Services were conducted from the Rockdale Baptist Church with Rev. L. E. Strickland pastor delivering the sermon. Interment was made in Rockdale cemetery.

Mr. Montague is survived by his widow, three sons and four daughters.

Mrs. C. T. Woodard, Jr., of Rogers gave a Jackson Day dinner at her farm home Saturday night. A delicious dinner was served from an attractively decorated table carrying out a pink and white color scheme. At the conclusion of the dinner Mrs. Woodard presented her honor guests, Lieutenant and Mrs. Rosco Greenslate of California with a picture of Andrew Jackson. Bridge and forty-two were enjoyed by a group of 16.

Church Basketball Teams Need Sponsors

Each team participating in the Basketball League composed of players from Cameron Churches should have at least 2 sponsors, H. H. Whatley, member of the committee directing the games, said Saturday.

There has been good response from boys who wish to participate in the games but each team is badly in need of a sponsor to facilitate good order at the games.

The next games will be played on Tuesday night, January 23 at the high school gymnasium. The only requirement for a player who wishes to partitipate is that he attend the services at his church on Sunday preceding the game.

Cross

(continued from page one)

1940 will be a presidential year, Cross said: "When congress meets in January 1941, a number of vital questions will come before that body, and unquestionably important changes in the present farm legislation and old-age seceurity will be made. Having very fixed views on these subjects, I have determined to make the race."

Interested in Soil Conservation

Cross declaring that for years he had been interested in soil conservation, said: "I urged the enactment of laws prohibiting the planting of land to cotton two years in succession. I spoke advocating such legislation in 1936, at a time when it was new, and when many were violently opposed to it going throughout Texas and some of the other states on a speaking tour at that time on the subject."

Major portion of Cross' life has been spent in McLennan county. He came to Waco many years ago from McGregor, where he held his first public office, that of city attorney. He served one term in the legislature, Pat M. Neff, now president of Baylor University, being the other representative at that time.

Cross' next fling at politics was when he become a candidate for county attorney, to which office he was elected, and which he filled for two terms. His first assistant was Neff, who succeeded him as county attorney.

After retiring as county attorney, Cross passed up politics for many years, until 1928, when he announced for congress. In that year Tom Connally then representative from the Eleventh district, became a candidate for United States senator, defeating Earle B. Mayfield in the run-off primary, and Cross was chosen as his successor in the house. For eight years, four terms, Cross represented the Eleventh district in congress. He never has been defeatd for office.

Helped Secure Vets' Unit

It was asserted by Cross in his formal announcement that he secured, while in congress, the United States veterans hospital for the Eleventh district, located at Waco He also procured, he said, new post offices for Waco, Gatesville and Mart, in addition to a number of CCC camps for the Eleventh district.

Cross is a brother in law of Chief Justice James W. McClendon of the Third court of civil apeals, Austin, past grand master of the Masonic Grand Lodge of Texas. He also is a nephew of the late Judge O. E. Dunlap of Waxahachie, one of the most prominent lawyers and bankers of Ellis county.

In his race for congress, Cross will oppose the present incumbent, Congressman W. R. Poage of Waco, who was elected four years ago. There has been some talk recently that County Judge Karl Lovelady of Meridian would enter the race for congress from this district. The latest report is that Lovelady, if he is not a candidate for re-election as county judge of Bosque county, will seek a berth in the state senate from the Twenty-first district, opposing the present incumbent, J. Manley Head of Stephenville. The Eleventh congressional district iincludes Bell, Bosque, Coryell, Falls, McLennan and Milam counties.

Allen Varner and Lyd Cunningham, prominent citizens of the Gause community, transacted busiiness in Cameron Tuesday.

The regular meeting of the WOW lodge was held at the lodge hall on Tuesday evening. Grady Allen, newly elected Council Commander, presided over the meeting.

JIM STEWART, 67, IS BURIED AT LIBERTY

Funeral services were held Friday afternoon at 2 o'clock from the chapel of the Green Funeral Home for Jim Stewart, 67 year old prominent Texas pioneer and longtime citizen of Milam county. The services were conducted by Rev. John W. Mills, pastor of First Methodist Church of Cameron.

Mr. Stewart died early Thursday morning at a local hospital after an illness of over three weeks. He had been in the hospital since January 1, where his condition caused from a severe case of pneumonia and other complications had been most critical.

Mr. Stewart was born in Commanche county but moved to this county early in life. On May 14, 1891, he was married to Miss Inez Davidson. They made their home on the old farm near Milano and with the exception of nine years when the family resided in Ballinger in Runnels county, they have lived in this county. Mrs. Stewart died four years ago on January 11, 1936, and since that time Mrs. Alma Isabell, a daughter, had been living in the home with her father.

Mr. Stewart is survived by eight sons as follows: Jimmy Stewart Carl Stewart, Clint Stewart, Clyde Stewart all of Houston, John Stewart of Longview, Clarence Stewart of Lawn, Henry Stewart of Phoenix, Arizona, and Jewell Stewart of Milano; two daughters, Mrs. Alma Isabell of Milano and Mrs. May Hill of Fort Worth; and one sister, Mrs. M. J. White of Hearne.

Burial was made at Liberty by the side of his late wife with his sons serving as pall bearers. Green Funeral Home was in charge of funeral arrangements.

CARD OF THANKS

We desire to express our thanks to our neighbors and friends who came to assist us during the fatal illness of our beloved father, J. A. Stewart. As long as memory serves us we will recall with deep appreciation the kindness of so many who helped us bear the burden. We thank the faithful physician, those who gave flowers, all who in any way assisted us and those who would have assisted us had they known of our father's condition.

The Stewart Family.

Cameron Party Goes To Dallas to Buy New Motor Units

Mr. and Mrs. Lester Glass, Calvin Markham, and C. B. Jenness left Cameron Wednesday morning for Dallas to purchase new Ford motor units.

Mr. and Mrs. Glass will purchase for Glass The Florist, a new type sedan delivery to insure better service in their business. Mr. Markham will purchase a new Ford truck to replace the one recently destroyed in the Markham Service Station fire. Mr. Jenness, representative of the Hefley-Stedman Motor Company, made the sale.

Mr. and Mrs. Alfred Stoebner of Burlington are happy to announce the arrival of twin sons born Thursday morning at Cameron hospital. The babies one of whom weighed five pounds and the other six, are in good health and are reported doing fine. Besides the twins, Mr. and Mrs. Stoebner are the paernts of an older sen and daughter.

Mrs. V. M. Brooks and Miss Bonnie Brooks of Milano visited in Cameron Tuesday.

Gene Smith

(Continued from Page 1)

and his place is made secure by reason of his work.

In making his announcement, Mr. Smith was deeply impressed in the belief that he had given satisfaction and is obligated to the people for thus recognizing his efforts. He appreciates the co-operation which he has received from the people and due to this help and understanding, he has been able from year to year to establish a record second to none in keeping the peace and reducing crime within the city limits.

Gene Smith belongs to a race of men who are steeped in the best traditions of Texas. The story of his life is more colorful than half the characters who have made the romantic stories of the great Southwest. He was born in old Gonzales scene of the first battle in the Texas war for independence. As a boy he followed the cattle trails, grew strong under their hardships, and has never forgotten how to be a Texan.

Mr. Smith shared the privations of many who came along in that interesting period when the great Southwest first began to be transformed out of the frontier. This experience instilled into him many of the better traditions of Texans who sometimes did not have time to choose the easy way and were often called upon to fight. It has never been said that he lacks courage. He has demonstrated under the most exacting conditions that he deserves the accolade, "a brave and generous Texan."

A Carnegie hero medal recipient, he has earned other public tributes. He believes that the performance of duty is never to be questioned and whatever danger may lie in the path of such performance has meant exactly nothing to him.

The people of Cameron have come to trust Gene Smith. They confide in him and when trouble comes he just about heads the list among those to be called upon.

Gene is intensely interested in his town and feels that he has a special duty to perform in seeing that it is kept free of disturbing elements and crime. The people have said time and time again that they have confidence in Gene Smith and go about their business feeling secure in the protection that his service as Marshal gives them, and this no doubt accounts for the fact that he is elected each term without opposition.

Smith understands human nature because he became educated to the ways of men the hard and practical way. Becuase he understands people he has less difficulty than any other peace officer in Central Texas. The people understand and trust him and on the eve of his election for another term, his friends are happy in the thought that no greater tribute could be paid a peace officer.

Smith requested the Daily Herald to express his appreciation for the kindness of the people and pledges himself to continue in their service keeping in mind their welfare at all times.

Miss Virginia Weems, daughter of Mr. and Mrs. Owen Weems of Cameron, is on a two week's tour with a trio of which she is a member, and a company of other people who are attending every district conference of the Texas Conference of the Methodist Church. While in Houston Miss Weems made a five-minute talk on the "Youth Crusade Movement" in the Houston and Galveston District.

Gilford Thweatt of Maysfield was a business visitor in Cameron Tuesday.

Girls Basketball Tournament Here February 10

The winner of girl's basketball will be determined in Milam county at a tournament to be held in Cameron at the Yoe High gymnasium on Saturday, February 10.

The winner of this tournament will be eligible to play in the district tournament to be held at Lott on February 16.

The state meet will be held in the McLean gymnasium at Baylor University in Waco on February 22, 23 and 24.

This is the second year these tournaments have been held under direction of the High School Girls Basketball League of Texas. L. C. McKamie of Abbott is state director.

In 1939 the girls basketball team of Gatesville was the winner of the state tournament. Meadow girls were the runners up. Courtney was the consolation winner.

All coaches of Milam county schools who have a girls basketball team should send their entries to C. T. Bridgewater, Cameron, Texas. A drawing will be held at the office of the county superintendent on Tuesday, February 6 at 7 p. m.

Sunday edition of the Houston Post carried a news item, and a large size picture of Miss Christine Pope, daughter of Mr. and Mrs. Tull Alvin Pope, former Cameron citizens, announcing her engagement to J. W. Hoover, Jr., of Jackson, Mississippi. Both Mr. and Mrs. Pope were reared in Cameron and made their home here for a number of years. He is the son of the late Dr. T. A. Pope, a well known physician of Cameron and a brother of Miss Susan Pope, now of Abilene.

WHEN I GROW UP

I want strong, straight bones and bright teeth. I want lots of pep so I can play with the other fellows. Mother feels the same way that I do—that's why she gives me FOSTER'S Milk every day. Now I don't know much about vitamins (or how to spell 'em)—but mother says FOSTER'S is just full of the essential health-promoting vitamins I need. I don't see how any body could be without it!
